TEXTILE WORKERS

GO BACK TO MILLS

Serious Break in Strikers' Ranks at Philadelphia.

PHILADELPHIA, Aug. 10.—Nearly 20,000 striking cloth workers will return to work, surrendering unconditionally to the textile manufacturers.

The union cloth weavers and warp and weft dressers and some of the non-union weavers, possibly 1,500 in all, will attempt to stop the stamped by continuing the strike, but will not be able to continue the struggle more than a few days. A member of the strikers' general executive board said yesterday: "The cloth weavers have put up a noble struggle, but they can't fight the union weavers, twisters and loom fixers, who are going to work with non-union weavers, and the manufacturers as well."

The strikers' general "working" committee met yesterday and voted to continue the strike for a 55-hour work week.

EMPEROR ACCEPTS PREMIER'S RESIGNATION

LONDON, Aug. 10.—The Vienna correspondent of the "Times" says that Emperor Francis Joseph has accepted the resignation of the Hungarian premier, Count Khun Hedevar, and his cabinet. The Austrian premier, Dr. von Kori, visited the country house of M. de Szeil, the Hungarian ex-premier, yesterday, and it is assumed that an attempt is being made to induce M. de Szeil to return to power.

REFINED GIRLS WANTED AS CHORUS WOMEN

NEW YORK, Aug. 10.—Sam S. Shubert, theatrical manager, is arranging to recruit for the musical comedies of his firm and that of Nixon & Zimmerman, of Philadelphia, 500 chorus girls from cities all over the country. Within a few days fourteen offices will be open and signing will begin. The idea is to find intelligent and beautiful women of good social position. Some time ago Mr. Shubert took into his company several well-bred women. Immediately he discovered that they made better chorus girls than those recruited from a less-favored class.

NEGRO ASSAILANT'S GET 99 YEARS IN PRISON

HENDERSON, Tex., Aug. 10.—Isham Strong, a negro, surrendered Saturday night by a mob which had taken him from the officers for the purpose of lynching him, pleaded guilty and was sentenced to imprisonment for ninety-nine years. He was taken to the penitentiary yesterday afternoon. Shortly after the conviction of Strong a negro named Emanuel Thomson was brought in from Mount Enterprise, where he had attempted to assault a Miss Sparks. He was hurried to the courthouse, an indictment was returned and the trial was proceeded with at once. The jury returned a verdict of guilty and fixed the penalty at ninety-nine years' imprisonment.

MOB IN MISSISSIPPI LYNCHES A MURDERER

HATTIESBURG, Miss., Aug. 10.—A negro named Amos Jones was hanged by a mob here Saturday night for shooting and mortally wounding Jailer M. M. Sexton. Jones and another negro, McElroy, prisoners, seized Sexton, intending to break from the jail. McElroy threw Sexton down, and two white youths, also prisoners, held him. A deputy and others overpowered the mob and shot him, inflicting three wounds. A deputy and others overpowered the mob and shot him, inflicting three wounds. A deputy and others overpowered the mob and shot him, inflicting three wounds.

WASHINGTON STATE MEN GATHER FOR LYNCHING

TACOMA, Wash., Aug. 10.—J. E. Brown, a real estate broker at Coitax, yesterday shot and fatally wounded Thomas Turnbow, a real estate agent of Garfield. A mob is forming at Garfield, and if Turnbow dies, as is expected, Brown will be lynched. The shooting was cold-blooded, and occurred in front of a hotel.

SHOT PRETTY WAITRESS WHO HAD STRUCK HIM

CLEARFIELD, Pa., Aug. 10.—Esther Murphy, a pretty waitress at the Allegheny House, was shot and dangerously wounded by a young man named Wainwright, of Benazette, Elk county, in the lobby of the hotel yesterday morning. Wainwright carried an insulting note to the girl yesterday, it is alleged, and she struck him. He was ordered from the house, but returned this morning and awaited an opportunity to see the girl.

PRESIDENT SPEAKS FOR LAW AND ORDER

Letter to Governor Durbin of Indiana, Commends That Official's Attitude In Recent Riots.

As Remedy for Violence the Chief Executive Urges That Law Be Speedily Applied to Criminals.

OYSTER BAY, N. Y., Aug. 10.—President Roosevelt has written a letter to Winfield T. Durbin, governor of Indiana, commending that officer's attitude in the recent race riots in the Hoosier State. The President takes occasion to express his own views upon the dangerous effect of mob violence.

He points out the peculiar vehemence of mobs when negroes are the victims. He asserts that lynching, which is the penalty for rape and murder by mob law, will be extended to apply to other causes if not checked. Asserting that mob violence is only another form of anarchy and the forerunner of tyranny, the President declares that it must tend to weaken the nation and increase the chances of its overthrow.

Law Should Be Speedy.

As a remedy for mob violence and lynching, which he says are increasing alarmingly, the President urges that the law shall be applied to all criminals speedily and surely, though not without regard to the substantial rights of the accused men to a fair trial. The President continues:

"This matter of lynching would be a terrible thing even if it stopped with the lynching of men guilty of the inhuman and hideous crime of rape; but, as a matter of fact, lawlessness of this type never does stop and never can stop in such fashion. Every violent man in the community is encouraged by every case of lynching in which the lynchers go unpunished to himself take the law into his own hands whenever it suits his own convenience.

Spirit of Torture Grows.

"In the same way the use of torture by the mob in certain cases is sure to spread until it is applied more or less indiscriminately in other cases. The spirit of lawlessness grows with what it feeds on, and when mobs with impunity lynch criminals for one crime they are certain to begin to lynch real or alleged criminals for other causes. In the recent cases of lynching over three-fourths were not for rape at all, but for murder, attempted murder, and even less heinous offenses.

"Moreover, the history of these recent cases shows the awful fact that when the minds of men are habituated to the use of torture by lawless bodies to avenge crime of a peculiarly revolting description other lawless bodies will use

torture in order to punish crimes of an ordinary type.

"Surely no patriot can fail to see the fearful brutalization and debasement which the indulgence of such a spirit and such practices inevitably portend. Surely all public men, all writers for the daily press, all clergymen, all teachers, all who in any way have a right to address the public should with energy unite to denounce such crimes and to support those engaged in putting them down.

"As a people we claim the right to speak with peculiar emphasis for freedom and for fair treatment of all men without regard to difference of race, fortune, creed, or color, when we commit or condone such crimes as these of which I speak.

Nation Like Individual.

"The nation, like the individual, cannot commit a crime with impunity. If we are guilty of lawlessness and brutal violence, whether our guilt consists in active participation therein or in mere connivance and encouragement, we shall assuredly suffer later on because of what we have done. The cornerstone of this republic, as of all free governments, is respect for and obedience to the law.

"Where we permit the law to be defied or evaded, whether by rich man or poor man, black man or white, we are by just so much weakening the bonds of civilization and increasing the chances of its overthrow and of the substitution thereof of a system in which there shall be violent alternations of anarchy and tyranny."

TWO CONSTRUCTIONS GIVEN THE LETTER HERE

President Roosevelt's cordial indorsement of the stand taken by Governor Durbin of Indiana, in sending an entire regiment of infantry and a company of artillery to Evansville, Ind., early in July to suppress mob violence in connection with the lynching of one negro and an attempt to lynch others, has met with hearty approval here.

It is believed that one of the motives which inspired the writing of this letter was the President's desire to correct finally and unmistakably the erroneous story given wide circulation several weeks ago to the effect that Secretary Moody had said the President had told him that lynching, under some circumstances, was justifiable. Mr. Moody utterly repudiated the alleged interview, but it is possible that the President, notwithstanding this denial, feared that the story might have been taken as true in some quarters.

Another suggestion is that the President is looking toward the executive mansion in Indiana for a possible running mate for 1904.

The President in his letter indicates that Governor Durbin, in one respect at least, is a man after his own heart. The political advantages of the selection of a Vice Presidential candidate from the Middle West are obvious. That no one has as yet been determined upon by the leaders of the party for this honor gives Governor Durbin an equal chance with other possibilities, with the added advantage of the President's personal friendship.

RUSSIA STRENGTHENS GRIP ON NIUCHWANG

Civil Administration Building Formally Dedicated.

LONDON, Aug. 10.—Last Tuesday, says the "Times" correspondent at Shanghai, the Russians at Niuchwang celebrated the anniversary of the capture of the city. A significant feature of the occasion consisted in the formal invitation to the community to attend the dedication of the Russian civil administration building, which was originally intended for the Russian consulate.

The Russian administrator, who issued the invitations, arrived in Niuchwang last January and announced that he would revert to the position of consul after the evacuation had taken place, on April 8, but subsequent events, says the correspondent, are evidently considered justification for the present intimation, which is equivalent to a declaration to the representatives of the other powers that they cannot claim a footing of equality or treaty rights at this Chinese treaty port.

LONDON EXPERTS SEEK A CURE FOR CANCER

LONDON, August 10.—While the experts who are searching for a cure for cancer through the medium of the X-rays are convinced that they are upon the right track, the assertions made in certain quarters that the cure has been discovered are, to put the matter mildly, premature. Because cancer in Great Britain is second only to consumption in its destructiveness to human life everything published concerning possible remedies is read with tense interest by a large part of the people. Under such circumstances no one is more anxious than the investigators that false hopes shall not be raised by stories of performance where only promise has been obtained.

CRATER OF VESUVIUS DISPLAYS ACTIVITY

NAPLES, Aug. 10.—Vesuvius had yesterday a recrudescence of activity. The central crater kept hurling scoriae to an unusual height, accompanied by loud rumblings.

BOSTONIANS AWAIT THE ENGLISH GOLFERS

Conditions on Myopia Links Favorable to Them.

BOSTON, Aug. 10.—The committee-men of the United States Golf Association and the Massachusetts Golf Association waiting to receive the Oxford and Cambridge Golf Societies team, were on guard throughout yesterday, but no news came of the steamer Mayflower, on which the team are passengers. The steamer is a new one in the Dominion Line fleet, and, as she is in spick and span condition and this is only the third trip, it is not thought that any accident has occurred to delay her, except the grounding after leaving Liverpool. G. Herbert Windeler, president of the United States Golf Association, joined Messrs. Ballou and Heetner yesterday. If the Mayflower gets in today Mr. Windeler said that no changes would be made in the arrangements for the matches of tomorrow and Thursday. The team would be taken at once to the Myopia Hunt Club, so that the visitors could get some practice for the match against the Intercollegiate Golf Association on Tuesday. The conditions most against the players from Great Britain in playing here, a thin covering of turf over a hard ground, with fast, parched putting greens, are not now present, for it has been raining here for practically a week, and the Myopia and Essex county links are in beautiful turf. The grass is thick and verdant, and, instead of the usual dry midsummer conditions, the course, the two matches are to be played on, are now much like the inland courses of England, a state of things that will be worth a stroke a hole to the Oxford and Cambridge men.

R. Badge Kerr, who left New York on Saturday with his wife in an automobile, arrived this afternoon, a stop overnight having been made at Springfield. He is the former secretary of the United States Golf Association, and has come to Boston to join its reception committee.

W. C. Chick and G. Owen Winston, two of the Harvard players on the Intercollegiate team, are at Myopia for practice. None of the others of the team appeared at the links, but N. Stewart Campbell, of Yale, reached Boston yesterday afternoon. On account of the delay in the arrival of the Mayflower, he thought it probable that the Intercollegiate team would be able to play H. Chandler Egan, the intercollegiate champion, and Walter E. Egan, who won the Western championship on Saturday, at Cleveland.

THUG'S JAILERS KEPT "ON ANXIOUS BENCH"

FREEHOLD, N. J., Aug. 10.—Warden Fitzgerald, his constables and turnkeys spent an anxious night in the Monmouth county jail. Five or six men, who are supposed to have come in response to the letter which, it is said, "Monk" Eastman managed to have smuggled from the jail, put in an appearance shortly after 2 o'clock in the morning. Coincident with their arrival a turnkey detected "Monk" in the act of giving a low signal to his fellow-prisoner, Joseph Brown. Judge, the redoubtable white bull terrier, who roams at will through the prison at night, gave an alarm as one of the mysterious visitors attempted to climb the wall in the rear of the court yard. A guard hastened back in time to see three men running across the vacant lot which opens in Broad Street.

HILL PREPARING FOR DEMOCRATIC CONVENTION

NEW YORK, Aug. 10.—A prominent up-State Democrat made his appearance at the Hoffman House yesterday and told a story about David B. Hill's aspirations to the Presidency. "Several days ago," he said, "some of us were in Mr. Hill's office in Albany discussing the policy of the Democratic party. We noticed that Mr. Hill's mail was large. When we mentioned it Mr. Hill said that Democrats throughout the country were writing to him about the platform to be adopted at the next Presidential convention. Some desired to know what were his ideas, and others wished him to prepare a platform in advance. 'I am not doing anything,' said Mr. Hill. 'I am simply keeping quiet and looking wise.'"

ROMANIAN SOVEREIGN VISITS FRANCIS JOSEPH

VIENNA, Aug. 10.—Carl, King of Romania, arrived at Ischi yesterday, and had an interview with Emperor Francis Joseph. M. Goluchowski, the Austrian premier, being present.

It is supposed that the situation in the Balkans was the subject of the discussion. The Emperor will return here on Wednesday. One explanation of the Macedonian outbreak given here is that Hini Pasha ordered the arrest of every Bulgarian suspect, with the result that hundreds fled to the hills and forced the hand of the inner revolutionary organization.

PRISON LASH PLIED UNTIL WOMAN FALLS

White Convict in Georgia Will Probably D.E.

MILLEDGEVILLE, Ga., Aug. 10.—Mamie De Crist, the "Diamond Queen" convict of Georgia, is likely to die as the result of a whipping given her by Warden Alagood at the instigation of the wife of the latter. Mrs. Alagood said the De Crist woman was impertinent and told her husband to whip her.

Investigation shows that Alagood had the woman stripped to the waist and gave her forty lashes with a cowhide. It is said after she had fainted the lash was still plied. With her back bruised and bleeding, she was sent to the field to work with negroes, where she again fainted.

MILES' RETIREMENT DELIGHTS GEORGIANS

ATLANTA, Aug. 10.—B. M. Blackburn, secretary of the executive department, Saturday had the State capitol decorated with fifty confederate flags and a photograph of all the generals of the confederate army, in celebration of the retirement of Nelson A. Miles, as commander-in-chief of the United States army. It was General Miles who placed the shackles on Jefferson Davis, the former president of the Confederacy, at Fort Monroe, and as he now no longer heads the army Mr. Blackburn desired to celebrate the event.

EARTHQUAKE SHAKES CITY OF LISBON

LISBON, Aug. 10.—A violent earthquake shook Lisbon and vicinity at eight minutes past 10 last night. The duration of the shock was two seconds. It produced a great panic, and some damage, but no fatalities have yet been reported.

PHILANTHROPIST DODGE DIES IN BAR HARBOR

NEW YORK, Aug. 10.—After a prolonged illness, William E. Dodge, a philanthropist, died yesterday afternoon at his summer home in Bar Harbor. He left his residence, 262 Madison Avenue, in this city, last May, complaining of poor health, and had been failing steadily ever since. Only his wife and his eldest daughter were with him, his two other daughters, Mrs. Osborn and May Dodge, being abroad. Born in this city February 15, 1832, Mr. Dodge followed closely in the footsteps of his father, William Earle Dodge, whose gifts to charity were said to exceed those of any other citizen of the metropolis.

FORTUNE IN BUSTLE LOST ON A TRAIN

ST. PAUL, Minn., Aug. 10.—Mrs. August Vancleer, of Shawnee, Kan., has reported to the station authorities that she had lost a bundle containing \$7,300 on the way to St. Paul on a Rock Island train. Mrs. Vancleer, who is well advanced in years, said that she feared to leave her money in a bank, and thought that it would be safe if she sewed it in her bustle. This she did, and then started on a journey to Pierce, Minn., to visit her son-in-law.

FOXHALL KEENE LOST \$200,000 IN "STREET"

NEW YORK, Aug. 10.—Foxhall P. Keene, son of James R. Keene, returned from England yesterday. "Have there been any more failures in Wall Street?" was his first question. "I feel the failure of T. J. Taylor & Co. very much. I have big interests in the firm. I lost \$200,000, but that is a mere bagatelle." Mr. Keene is going to Saratoga. He was enthusiastic over the prospects of his twelve two-year-olds in England.

NEW EVIDENCE SHOWS CONVICTS INNOCENT

POTTSVILLE, Aug. 10.—Six young men, two of whom are from Buffalo, N. Y., and the others from Allentown, who are serving terms of ten years in jail for robbing the residence of Jacob Baker here, are now believed by the authorities to be innocent. New evidence has been found in their case. The accused men have served three years in jail and two of them have become insane by brooding over their troubles. An effort will be made to obtain the pardon of all.

CANNIBAL BOASTS OF MURDER OF THREE MEN

Gruesome Tale Comes From Gulf of Tartary.

ST. PETERSBURG, Aug. 10.—A dispatch from the Island of Saghalin, in the gulf of Tartary, tells of a horrible case of cannibalism in the village of Chandausa.

A peasant woman named Kasserchi, wife of an exile, informed the police that her husband had murdered three men—Liotomsk, Selski, and Ivanoffkoe, by name—and had eaten a portion of their bodies. In proof of her story she led the officers to a place in the garden where Liotomsk's head was buried.

DEATH OF JOANNA CAREY.

Joanna Carey, a sister of Mrs. John Curtin, of 3258 M Street northwest, died yesterday morning, at her home 2929 H Street northwest, after an illness of several weeks. The funeral will take place tomorrow morning at 9 o'clock, when a mass of requiem will be chanted at St. Stephen's Catholic Church. The deceased is survived by a brother, James Carey, and two sisters.

Miss Carey had been a clerk in the appointment division of the Interior Department since 1885, and was one of the most popular clerks in the department and was highly esteemed by the officials. She occupied a peculiarly confidential position in the appointment division, and was rated one of its most valued employees.

CHRONIC SORES Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint that has been lurking in the blood since birth breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

MEDICAL.

Weak Blood and Nerves
Lack of strength is about the first symptom of violation of the laws of health. Then comes nervousness, unsteady hands and limbs, skin eruptions, dizziness, sleeplessness, heart palpitation, loss of flesh, and with the feeling that the life blood is being sapped comes complete prostration. In this condition the sufferer is indifferent to all things—whimsical and on the verge of decay.

DR. YOUNG
Cor. 12th and F Sts.,
The Oldest Established
Specialist in Washington
Gives it as a statistical fact that seven out of every ten people in the United States are sufferers from nervous debility, and of this number less than half realize it. They know that they have gloomy thoughts, a depression of mind, an impaired memory, dizziness, and headache, wakeful nights, and spells of extreme exhaustion, but they attribute it to any other cause but the right one. They feel languid, irritable, and restless, the very things of which they cannot explain. They are suffering from nervous debility, a condition which is undoubtedly the means of causing more misery and causing more hope than any other trouble that human flesh is heir to.

Nervous debility will not cure itself. The sufferer who thinks that nature alone will bring about a restoration of health is simply deluded by a false hope. He will realize this (if the power of realizing is left him) when he becomes a hopeless victim to one of the terrible diseases which his debilitated condition invites; when paralysis, softening of the brain, wasting palsy, locomotor ataxia, spinal meningitis, or consumption begins its relentless work.
